Apprenticeships, Traineeships &
Higher Level Apprenticeships

2024-25

Available at Level 2 or Level 3, Apprenticeships and All Age Apprenticeships courses are fully funded by the Department for the Economy and enable students to 'earn while they learn' working alongside experienced staff. Courses are available across NWRC campuses in a range of professional, technical, and craft areas. To undertake a course, you must be Aged 16+ (no upper age limit), and during your time on the course you will receive on-the-job training while working towards an industry recognised qualification. These courses normally take two years to complete.

NI Traineeships are Level 2 courses for school leavers who aspire to work within a specific sector. Traineeships provide the skills and qualifications to secure employment in a chosen area including progression to a Level 2 apprenticeship during the programme where relevant. The Traineeship option also provides progression to a Level 3 Apprenticeship or alternatively to Further Education at Level 3. Traineeships comprise Skills development; Transversal skills; Work placement; Literacy and numeracy qualifications at Level 2 (may include GCSE qualifications in English and Mathematics); The majority of Traineeships will typically take up to two years to complete on a full-time basis. Some take one year to complete including IT, Health and Social Care, Childcare, Hairdressing, and Travel and Tourism.

A Higher Level Apprenticeship (HLA) is a unique work-based programme which enables participants to 'earn while they learn' and gain a nationally recognised level 4 / 5 qualification. Successful candidates will be employed in a company relevant to their chosen profession to gain valuable industry experience. HLAs are widely recognised as the best combination available of on-the job training and employee experience at higher level study. In addition, HLAs aim to improve business practice by developing a progressively skilled workforce essential for today's competitive economic climate. Delivered Part-Time, HLAs normally take two years to complete.
