Equality

The College is committed to fulfilling its responsibilities under Section 75 of the Northern Ireland Act 1998. We promote equality of opportunity among all of our staff and students, and actively seek opportunities to promote equality between the recognised groups with a view to having an inclusive environment where everyone feels welcome.

SENDO

The Special Educational Needs and Disability (NI) Order 2005 (SENDO) came into effect on 1st September 2005. The principle behind the further and higher education sections of this legislation is that people with disabilities should have the same opportunities as others wherever possible within education.

The College has been proactive in the area of equality and will continue to explore ways of facilitating students to maximise their learning experience.

Widening Access and Participation

Our aim is to improve well-being for everyone by providing academic pathways which are economically viable and lead to employment.

The collaboration with the Universities is allowing 'Access' to Higher Education for adults who were previously made redundant, or change career direction, the unemployed or those who hadn't considered progressing in education to access both Full and Part-time education allowing them to rethink their educational pathway.

Our Careers Academy has an inclusive ethos supporting the Widening Access and Participation Plan and 'Access to Success' with the Widening Access and Participation Officer working with disadvantaged communities and delivering the 'Inspire' programme.

Erasmus Funded Programmes

In addition, we also offer a number of other significant Erasmus funded programmes. We understand that being involved in international projects can enhance innovation.

Research shows that student mobilities increase life experience of travel, which can greatly enhance learning.

A course is accredited if it has been approved by a professional awarding body. If a course is accredited, it shows that it covers everything you need to know for a career in the relevant industry.

Accreditation of Prior Experiential Learning (APEL)

APEL is a process through which the learning you have gained from work experience can be counted towards entry onto a course.

Award / Certificate / Diploma

Terms which relate to the size of a qualification which depends on how in-depth the qualification is and the number of units you are required to study.

Diplomas are the largest with the most units. Certificates are in-between and Awards are the smallest with the fewest units to complete. All three types of qualification can be studied at different levels.

A corporate body with the legal authority to award academic qualifications. 'City and Guilds' would be an example of an Awarding Body.

Bursary
