1. INTRODUCTION

The College is committed to student-centred delivery and assessment provision. Every effort is made to ensure that all candidates receive fair treatment in all aspects of assessment. The aim of this policy is to ensure a fair and consistent approach is available for students who have grounds for appeal. The main body of the policy covers appeals for normal processes. This policy works in conjunction with the Centre Assessment Policy.

This appeals procedure is divided into two sections;

- **SECTION A** applies to all Non-University Further and Higher Education courses.
- **SECTION B** applies to all University Validated Courses

The student must exhaust each stage in the internal procedure before proceeding to the next stage. Appeals regarding assessments/examinations that are externally set and externally assessed/graded by the Awarding Body must follow the College's appeals process. If the appeal is upheld the College will appeal to the Awarding Body on behalf of the student. This policy complies with Awarding Body guidelines and the JCQ "A guide to the awarding bodies' appeals processes".

For all other assessments, the College procedures should be exhausted before using awarding body procedures. The College will submit an appeal on the student's behalf, only after an appeal has been completed in full and if requested to do so by the student.

The College policy for students' academic assessment appeals may be reviewed and alternative processes put in place as a result of the Covid19 circumstances. In such cases the College will follow regulatory and Awarding Body/Organisation (AO) guidelines.

Note: For consortium partnerships, the relevant information/evidence required to carry out an appeal will be sent to the centre where the student is registered to allow them to carry out their appeals process.

2. GROUNDS FOR MAKING ACADEMIC APPEALS

Academic appeals are only permitted on the grounds of

- I. challenges to academic results: the awarding body post results service checker must be followed in the first instance within the timeline specified by the relevant awarding body. If an appeal is still required after conclusion of the post results check, the appeal must be submitted through the College within the timelines set out in this document.
- II. procedural irregularities (for example Awarding Body procedures not being followed, assessment regulations not followed, assessment conditions that have unfairly disadvantaged a student(s)) and/or an administrative error.
or
- III. new evidence of extenuating circumstances that could not be submitted prior to the assessment decision.

In the latter case the student will be required to provide a satisfactory explanation as to why such information could not be submitted prior to the assessment decision taking place. It is not normal practice for late evidence to be considered. **Only in exceptional circumstances will such evidence be considered.**

SECTION A: THIS SECTION APPLIES TO ALL NON-UNIVERSITY FURTHER AND HIGHER EDUCATION COURSES.

3. PROCEDURE

- 3.1 The student should register his/her appeal by completing the Assessment Appeal form (AA1 form, Appendix 1) and emailing it directly to the Quality Enhancement Unit (QEU) using email QEU@nwrc.ac.uk within 5 working days of receiving the assessment/examination result. Should the awarding body timeline differ from that set out above, the Awarding Body Regulations must be adhered to.
- 3.2 QEU will forward to the curriculum manager/course coordinator and the relevant department's Administrator – Curriculum, who will set up the meeting within 3 working days of receipt of the appeal.
- 3.3 QEU will acknowledge receipt of the appeal within 3 working days of receipt of the appeal.
- 3.4 The appeals panel will consist of the following:
- A Curriculum Manager (from a different curriculum area) (chair)
 - the course coordinator (from a different course)
 - the internal verifier/moderator for the course
 - Head of Department or Deputy Head of Department
 - the Head of QEU or QEU HE Curriculum Lead or QEU Quality Manager
- 3.5 The appeals procedure will focus on whether the College
- used procedures that were consistent with the requirements of the awarding body
 - applied the procedures properly and fairly in arriving at judgments.
 - considered evidence of extenuating circumstances that could not be submitted prior to the assessment decision.
- 3.6 In respect of assessment outcomes, the appeals procedure investigates procedures and is not concerned with making judgments about the student's work. The outcome is recorded on the AA2 form (Appendix 2).
- 3.7 Students may be entitled to be heard in person and to be accompanied by a fellow student or member of Student Union. However, panels have discretion not to interview students where written evidence is deemed sufficient.
- 3.8 The Curriculum Manager will notify the student in writing of the outcome of the decision normally within 1 working day of the appeal decision being made.
- 3.9 If the student is dissatisfied with the outcome of the appeal, and College processes have been exhausted, an appeal can be submitted to the Awarding Body on their behalf. This should be communicated to the College within 3 working days and providing permission to the College to pursue an appeal with the Awarding Body. In this instance Appendix 1 of the JCQ 'A guide to the awarding bodies' appeals processes' will be used.

SECTION B: THIS SECTION APPLIES TO ALL UNIVERSITY VALIDATED COURSES

There are matters which are not open to review through the appeals procedure. These include:

- a) challenges to the academic judgement of the examiners on your performance (i.e., marks awarded cannot be appealed); or
- b) complaints about the delivery or management of a course after you have presented yourself for examination; you should raise such concerns through the College's complaints procedures at an earlier stage as soon as they arise.

An Appeals Panel cannot make academic judgements, that is, it cannot change student marks to enable an assessment to be passed or the classification of an award to be changed. Instead, if the appeal is upheld the student will be permitted to complete, take, or repeat the assessment which, if the student is successful, will enable them to proceed to the next stage of the course or to complete it.
